

JAMES VALLEY STREET MACHINES MEETING 6/21/2017

Meeting was called to order at 7:20 by President Steve Jascoviak at S & R Truck Plaza. 10 members were present.

First subject brought up was that the Rumbler has been losing a few advertisers and due to the cost we're going to an issue every two months and even once every three months during winter months is possible. If we can find more advertisers we could do it more often again, so if members have any advertisers they may know let Skovy know, as the way it has been the Rumbler runs around \$3600 a year to print monthly. Brian (Kamletz) started discussion on various ways on how to keep the number of pages down by utilizing more internet referencing on a more interactive web-site and possible ap/mobile ap as some ways to cut Rumbler costs and get all the news around, both what we have and what others can input. Skovy has also been doing the "No Lift Report" for the stock car races, which gives the club some advertising at the races.

There's \$2800.00 as of June in the club treasury.

Three club jackets will be given out at this year's Christmas party to the next group of deserving members, and Skovy will bring the list to the next meeting.

The Good Guys Skovy trip was cancelled, due to a work related schedule, however, several members from the club made the trip to Nebraska for it, Don Gumke, John Corel, etc.

Plans are underway on finishing up the plans for the "60 Foot Experience" drag races on Wednesday, August 16 and some discussion on that was voiced. All rules and regulations should be ready by next meeting.

Discussion on final prep and getting your room for the Black-top Tour was made, as there were only a couple rooms left.

Skovy talked about Super Chevy Sunday in Denver happening in August.

The annual Huntington's Benefit show is happening September 23, and posters should be ready next meeting. Wilhelm's will be throwing lots of prize mney out for this one.

Other upcoming events were discussed, as the Jamestown Drag Racing Association races and the Jamestown Classic Car Club's show in the park, both coming in July.

Skovy brought up taking the Amtrak to Portland, Org. to visit Graveyard Cars...(\$305.00 round trip from Minot with insurance)

The February Ocean cruise was discussed and every one going has pretty much been booked, but anyone still wanting to go can still get in on it.

Take Back Mainstreet is scheduled for the first Wednesday night every month, with incliment weather automatically moving it to the following Wednesday.

Meeting was concluded at 8:00 PM

Meeting was held on [illegible] at [illegible] location. The meeting was attended by [illegible] and [illegible]. The meeting was held to discuss [illegible] and [illegible]. The meeting was held to discuss [illegible] and [illegible].
