

MINUTES JAMES VALLEY STREET MACHINES

11-8-2017

Meeting was opened at 7:00pm Wednesday November 8th by President Steve Jaskoviak (Skovy) at the S & R Truck Plaza Restaurant. It was reported that we currently have 138 ~~paid~~ members and over 30,000 Rumbler email addresses.

The 6th of December is the Club Christmas Party & Extravaganza date at the Jamestown KC's Hall and there will be no regular December meeting, as this will replace it. Skovy informed the Club as to what will be going on at the party and was open to any pertinent suggestions. We are expecting to go over the 100 mark in attendance this year and the Club Jacket recipients, to be given out at the party, again are Niel Baker and Billy Carroll, as voted by the Club at the last meeting.

Brian Kamnitz,

Next up was discussion on the 2018 Black-Top Tour coming June 21st through the 24th. We looked and talked about Black-Top Tour stickers or coming up with something participants would like to show they are/were on the tour. Tee shirts were also brought up. The route is pretty much planned out and we will be working on refinements and finalization in the next couple months with a dry run of the route. We have determined we will be staying at the Holiday Inn Spearfish Hotel & Convention Center, which is a family orientated hotel. If and when you know that you plan on going, let Skovy know, so he can keep track of our block of rooms so we don't run short. This is imperative, as we almost had no room last year for a few participants when we used up our block because too many people decided to go too close to the tour date. Skovy mentioned that he was already working on booking seats on the old-time train ride at \$29.95 adults & \$10.00 children that was available. More on the Black-Top Tour at the January meeting.

FOOT

Skovy brought up the two 60-~~Second~~ Experience drag races we will be having with S & R Truck Plaza next year, tentatively scheduled for June 13th and August 15th.

Meeting was adjourned at approximately 7:45pm by Skovy with Larry Gilge making the motion and Justin Fuchs seconding it.
